MARIOS M.SARKIS

CLOUD COMPUTING SPECIALIST

CURRICULUM VITAE · 2026

EDUCATION

2025-2027 — **BTS Cloud Computing** · expected graduation 2027
Lycée Guillaume Kroll, Luxembourg

2023-2025 — **Smart Technologies · Section "E-Controls"**
Lycée Privé Émile Metz

2020-2023 — **Industrial Electrician**
Lycée Privé Émile Metz

SELECTED IT PROJECTS

- **Proxmox Virtualisation Infrastructure** · deployed Proxmox VE on physical servers; configured VMs, shared NAS storage, backups and migration
- **MiniCFL · Azure Networking & Database Infrastructure** · configured Azure virtual networking, network security groups and a private PostgreSQL VM for a team train-simulator application

WORK EXPERIENCE

Electrical Technician Internships

- Administration des Ponts et Chaussées — Feb 2025
  Maintained traffic-signalling equipment: replaced batteries, programmed signal units, repaired components
- La Provençale Sàrl — Jan–Feb 2024
  Assisted with electrical installation, maintenance and repairs at a food-wholesale and logistics site
- Hoffmann et Fils Sàrl — Jan–Feb 2023
  Supported an electrical contracting team with installation, maintenance and repairs
- Commune de Mondercange — Mar–Apr 2022
  Assisted municipal teams with electrical installation, maintenance and repairs of public facilities
- Creos · Luxembourg City Centre — Jul 2021
  Supported technical teams with electrical installation and maintenance in an energy-network organisation

Automotive Technician Internship

- Merbag S.A. · Mechanic & Paint/Bodywork — Jan–Jun 2020

IT & CLOUD COMPUTING SKILLS

Practical experience through BTS labs and academic projects.

Windows & Active Directory · users & groups, Group Policy, NTFS, DNS, DHCP, IIS (HTTPS)

Linux Administration · Ubuntu via CLI/SSH; RAID & LVM; backups scheduled with cron

Cisco Networking · IOS & Packet Tracer labs; IPv4 subnetting, including VLSM; IPv6, VLANs, STP, EtherChannel, OSPF, DHCP

Virtualisation · Proxmox VE: VMs, templates, snapshots; VMware vSphere foundations

Server Hardware & Storage · server assembly and rack installation; OpenMediaVault NAS

Cloud Platforms · IaaS/PaaS/SaaS, public/private/hybrid; AWS EC2, security groups, SSH, Apache; Azure VNets, NSGs, PostgreSQL VM

Containers · Docker images, Dockerfiles, volumes & networks; Docker Compose

Scripting & Automation · Bash & PowerShell; Git/GitHub; Ansible playbooks; Power Automate

Python & Databases · scripting, regex, log parsing; MySQL, SQLite & PostgreSQL; relational design

Security & Monitoring · SSH keys, firewalls, hardening; encryption, hashing, certificates; Syslog/SNMP & backup/DR principles

ELECTRICAL SKILLS

Industrial Automation · Siemens TIA Portal PLC/HMI programming; sensors, actuators, variable-speed drives

Electrical Installation & Maintenance · installation, maintenance and repair work

Electrical Protection · emergency-stop and protective devices
